**\*WARNING!** Our food is VERY POPULAR!! The FDA recommends portion sizes for meats and sides of 5-6 oz. each, per person. Which is great for small children and birds! But lets be honest here. We are serving up some serious custom BBQ, our Baby Back ribs and smoked meats are off the hook, and the smoked mac & cheese and cowboy beans are always a huge hit. The mac is usually the first thing to go! Also, most folks will eat more than one 4oz. sandwich. Consider the size and appetite of who's going to attend your event- **Plan accordingly!**

Restaurant, Catering, Hot Rod Food Truck & more. Pig Rig BBQ...Feed your soul!
